

LANDSCAPE ARCHITECT POSITION

Full-time position available immediately. Award-winning, 60 year old firm with prestigious clientele seeks self-motivated, energetic professional with a “can do” work ethic. The position requires a creative landscape architect to work on projects from schematic design through construction administration. Our diverse range of projects includes high end residential, commercial, institutional, park, urban design, historic preservation and community amenities. Candidates must present examples of successful projects completed on time and as budgeted. Candidates must have a minimum of 3 years experience.

Credentials:

Bachelor or Masters Degree in Landscape Architecture from an accredited university

Skills:

AutoCAD
Microsoft Word and Excel
Adobe Creative Suite (Photoshop, Illustrator, In Design)
Google Sketch-up
Excellent hand graphics, organizational skills, attention to detail
Knowledge of woody plants
Strong written & verbal skills

Responsibilities:

Schematic Design through Construction Administration
Coordination with clients, project consultants and contractors
Site Inspection

Benefits:

Professional, small, friendly work environment
Opportunity to grow personally and professionally
Office in Laytonsville, Md. on a 20 acre tree nursery, conveniently located near Washington, D.C., Baltimore and Frederick
Compensation commensurate with experience
